

嚴重急性呼吸道症候群感染篩查

如果你曾經接觸證實或懷疑感染非典型肺炎病者，並懷疑自己有該症候群的病徵，你應立即就醫。本醫務所已接受訓練，成為香港醫學會「嚴重急性呼吸道症候群」篩查中心，為你初步診斷，並在需要時轉介跟進。

照顧自己，保護家人，大家必須為阻止非典型肺炎擴散盡一份力量。

Screening of Severe Acute Respiratory Syndrome (SARS)

If you have been in contact with a confirmed / suspected case of atypical pneumonia and suspect that you have developed symptoms of SARS, you should seek medical attention immediately. This clinic has joined the HKMA Network for Screening of SARS. We have received training for the screening of SARS and will refer you to the appropriate center for further management if necessary.

Take good care of yourself and protect your family. Let us work together to prevent the further spread of this disease.
