

Information Technology (IT) Committee ~ Dr. HO Chung Ping, MH

The HKMA CMS 3.0 is born!

The HKMA CMS 3.0 is a state of the art software. It is an Open-Source Software with standardized data format. It is designed to be a multi-function platform. In addition to its powerful clinic management functions, it can be easily upgraded to link up with other medical information systems in Hong Kong.

The TaoYuan Project, which took 2 years to develop and cost 1.3 millions, was completed on 27 July 2009 after the last testing stage – the pilot testing. The deliverable of this project is the HKMA CMS 3.0. From the feedback received and the user satisfaction survey, most of the pilot testers were satisfied with the software and stated that they would continue using the software. The Project Deliverables were handed to the Hong Kong Medical Association and the ISIA on 6 August 2009.

The Press Conference of CMS 3.0 was held on **August 6** afternoon at the HKMA Wanchai Premises to announce the completion of the CMS 3.0 and to introduce the new software to the IT industry.

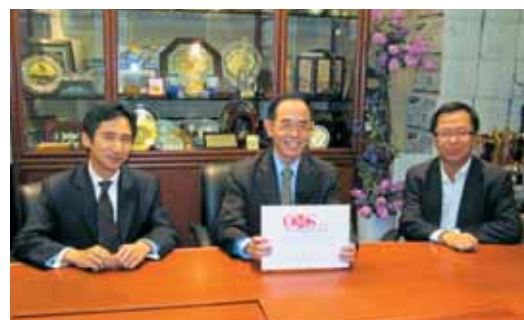

The Official Launch and IT Expo of the HKMA CMS 3.0 will be held on **August 28 (Friday)** afternoon at Eaton Hotel Hong Kong. Professor Hon. Gabriel LEUNG, Under Secretary of Food and Health Bureau, is invited to officiate the launching ceremony. Recommended IT vendors will be invited to present their personalized packages to our members at the Expo. All members are welcomed to join the event and to witness the birth of this pioneering software, if you are interested, please refer to Circular 1511 for details and enrolment.

As per our Circular 1500, we are now recruiting interested members to join the **HKMA CMS User Group**. Members of the user group will be given the **software CD for free** and enjoy a discount on the hardware and software maintenance. They will also be given priority to take our **free IT course**. Join us if you are interested while limited seats are still available. Please contact the Secretariat at 2527 8285 or visit our website <http://www.hkma.org/taoyuan/index.htm> for an enrolment form.

The first 3 classes of the Advanced Level Course ended in July and 36 participants who had obtained over 80% of attendance were awarded with the Certificates. The next series of the Course will begin in September until December. Interested members please refer to Circular 1510 for details and enrolment.

The Press Conference held on August 6
